EXPERIENCE

UI/UX Designer

Global Garner Sales Services Limited | Jan 2023 - Present

- Designed and optimized the full UI/UX for the Universal Point of Sale (UPOS) digital business platform — a comprehensive digital mall where vendors and businesses can sell diversified products and services.
- Designed the Franchise 360 Web Application, structuring dashboards and navigation to support order placement, commission tracking, and daily operations.
- Designed the Global Garner Vendor Application, ensuring an intuitive and seamless user experience for vendors.
- Designed the Global Garner loan website, focusing on a seamless and user-friendly experience for efficient loan processing.

Web Designer

Huptech Web Pvt. Ltd | Aug 2022 - Dec 2022

- Designed and developed Shopify-based websites using HTML, CSS, and Bootstrap, focusing on responsive layouts and clean visual hierarchy.
- Created custom website designs for furniture, fashion, and retail businesses, aligning UI with brand identity and target audience.
